Morning! I'm having nice discussions with Alain Gonthier about Spring Freshet. PWES will lead but we're just working out the impacts on his extended DLT.

Thanks

Apparently, Police just sent out a general order email to all units at OPS that are not patrol to identify staff available from now until March 7.

for investigations

I'm having a hard time articulating it but I think the City's EOC needs to pivot it's objectives slightly. Ours were originally geared towards a protest lasting a weekend or a couple of days past. I'll work on that this week and run by you. This is important for our record keeping too.

5 people from EPS BTSS have said that they are way too busy to scribe our meetings. That is why I was thinking of Steve K's email. Someone from my OEM team had to scribe 6 meetings this weekend. It's a lot.

I will get you a scribe!

Form the MO and CMO... If we seize the large trucks do we have a plan regarding the location for storage?

I'll call Police. Yesterday, no. Maybe things have changed.

"Ayotte, Kim" <Kim.Ayotte@ottawa.ca> 2/8/2022 3:46 PM

And does this need to be tasked to the EOC regarding potential City sites.

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/8/2022 3:55 PM

Ok... early info coming in suggests that OPS does not have a good option. I also know, based on our discussions with RCFS this past weekend on overflow options, that the City is not a good source either. Our facilities are being used for programming or vaccine stuff. I think we would need to coordinate the ask through the Feds. They have lots of land holdings in the area and have been willing to help out in this way (e.g., 1500 Bronson and Confed Heights).

"Ayotte, Kim" <Kim.Ayotte@ottawa.ca> 2/8/2022 4:08 PM

Okay so who is going to work on this? (Police or EOC)

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/8/2022 4:32 PM

EOC and NCRCC 🤖 We're on it right now.

"Ayotte, Kim" <Kim.Ayotte@ottawa.ca> 2/8/2022 4:36 PM

FYI from Roger Chapman... Metro Towing has committed to providing 1 heavy truck if we need to tow any transports which is all that is required in our contract. I've agreed to allow him to remove the decaling from the truck for safety reasons. We have advised the NCRCC of this.

Agreed that removing decal is important.

With regards to the scribe... do they have to be scribe trained?

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/8/2022 9:34 PM

From PIMR:

For your approval, we received an inquiry from Vjosa Isai at the New York Times, who is looking into the situation on tow truck companies refusing to help remove vehicles within the demonstration zone. The reporter would like to know how many tow trucks OC Transpo has for towing buses.

We will provide the reporter with the response below, unattributed.

"OC Transpo currently has two tow trucks for towing buses."

"Ayotte, Kim" <Kim.Ayotte@ottawa.ca> 2/8/2022 9:53 PM

we should not release that information as it shows our hand and Steve Bell refused to do so at the media avail.

What the? That section is full of police who should be turning it away.

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/8/2022 10:00 PM

Hm. Being told the toilets were a PLT initiative (negotiation tactic).
